

PARK BOARD MEETING
OCT.27th 2012

Discussed concession stand building

Any stipulations on remaining funds from initial funding for usages such as building or related expenses.

Putting funds raised by donation or fund raising into separate account.

Will pursue a friend of the park type volunteer system for help in construction and equipment for the building of concession building.

Are the gates open during the winter months?

The south gates are depending on the weather

Clearing of snow on walkway through park in the winter

Not considered because it would be costly

New playground on hold until spring.

Moose lodge raffle earned \$782.00 towards building fund

Charles & Ruth Fent donated \$500.00 also

We really need to keep the community involvement rolling to keep them involved in things. Seeing the concession stand will give them something to see and say I was a part of this.
