

SUBDIVISION ADVISORY COMMITTEE MEETING

SEPTEMBER 20, 1993

The Subdivision Advisory Committee meeting was called to order at 7:00 p.m. by Chairman Alan Hunter.

Present for committee meeting in addition to Hunter were Gene Palmreuter, and Terry Carleton.

The Development Plan, Subdivision Ordinance, and the Zoning Ordinance were reviewed with regard to subdivisions.

The Development Plan discourages residential development of primarily agricultured areas. Ref. II. B. 1. (a)-(d) pages 5 and 6.

Special Use Permit application 93-8 seeks to establish residential subdivision as an appropriate land use in A-1 zoning, which appears to be in conflict with the development plan of Birch Run Township.

The committee recommends that application 93-8 be denied.

Meeting adjourned at 8:35 p.m.

Alan Hunter, Chairman  
Subdivision Advisory Committee
