 Phone: (989) 624-9773 • Fax: (989) 624-1177

Communication Broadcast Program

In efforts to keep our customers safe and informed about events in the water system we have implemented the Iris system to be able to send out mass billing notifications, emergency water interruption notices and water advisories through telephone voice messages, texts, and/or emails. You can choose as many or as little as you'd like. This is a very valuable tool for us to be able to efficiently keep communication lines open with our water customers. To specify how you would like to be notified, please fill out this form and send it back into our office. If you have already filled out this form you may disregard as you are already signed up for these communications. If you have any further questions regarding this program call Kim at the township office (989)624-9773.

Customer Name: _____

Service Address: _____

Phone Number 1: _____ Can this # receive texts: _____

Phone Number 2: _____ Can this # receive texts: _____

Email: _____

How would you like to be notified based on type of notification?
