

**Special Birch Run Township Planning Commission Meeting
February 22, 2018 at 7:00 p.m.
Birch Run Activities DBA Birch Run Speedway
Birch Run Township Meeting Room
11935 Silver Creek Dr, Birch Run, Michigan 48415**

Minutes

The meeting was called to order by Chairman CJ Norris at 7:01 p.m. with the Pledge of Allegiance to the Flag of the United States of America.

Members Present:

CJ Norris, Chair; Steve Schaar, Vice Chair; Michelle Duncan, Recording Secretary; Members Mike Marr, Fred Sheridan, Ed Munson and Helen Morse

Members Absent:

Elaine Parlberg

Motion to Excuse Absentees from the Meeting

Motion by Marr, seconded by Sheridan to excuse absentees from the Special Planning Commission Meeting

Motion Carried by Unanimous Voice Vote

Others Present:

Doug Piggott, Rowe Environmental Services; Mike Szukhent, representative for Birch Run Activities DBA Birch Run Speedway; audience members Ray Letterman, Birch Run Township Supervisor; Kirt Kiessling, Birch Run Township Trustee, Frederick Lynch, Barb Crawford, Mike and Lynette Braun, Cathy Konieczny, Jerry Preston, Bridgeport/Birch Run Convention and Visitors Bureau President, Katrina Schaar, Mark and Cindy Major, Steve and Janet Bennett, Scott and Karen Stafford, Terry Carlton, Kirk Dupuis, Clarence Strobel and Gary Cross

Roll Call:

In Attendance: Steve Schaar, Mike Marr, Fred Sheridan, CJ Norris, Ed Munson, Helen Morse
Absent: Elaine Parlberg

Election of Officers

Nomination and election of Chair

Motion by Sheridan, seconded by Marr to nominate CJ Norris as Chair; Norris accepted the nomination

Nomination and election of Vice-Chair

Motion by Marr, seconded by Sheridan to nominate Steve Schaar as Vice-Chair; Schaar accepted the nomination

Nomination and election of Secretary

Motion by Sheridan, seconded by Morse to nominate Mike Marr as Secretary; Marr accepted the nomination

Ayes: Marr, Sheridan, Norris, Munson, Morse, Schaar

Nays: None

Motion Carried by Unanimous Vote

Approval of Meeting Minutes December 21, 2017 Special Planning Commission Meeting Minutes:

Motion by Sheridan, seconded by Morse to approve the December 21, 2017 Special Planning Commission Meeting Minutes

Motion Carried by Unanimous Voice Vote

Public Hearing-Zoning Ordinance Amendments:

Mike Szukhent, representative for Birch Run Activities DBA Birch Run Speedway, is requesting approval of a site plan to relocate the access drive and the associated improvements. The request also includes amendment to the existing special use permit proposing several outdoor activities such as weddings, concerts, auctions and carnivals.

- i. Public Meeting opened at 7:05 p.m.
- ii. Notification Requirements:
 - Birch Run/Bridgeport Herald (February 7, 2018 edition)
 - *Township Office Informational Board*
 - *Occupants within 300'*
- iii. Applicant presentation

Mike Szukhent introduced himself stating he is the general manager for Birch Run Speedway and he is requesting a new special use permit for the speedway located at 10945 Dixie Highway, Birch Run, Michigan. He states they will be straightening the driveway to expand the use of the 50-acre property. Szukhent went on to state some of the off-season improvements made to the speedway include lights being changed to low beam LED's, requiring all racing vehicles to have mufflers, which will lower the decibels to 100 and acquiring a liquor license. Marr asks if the license is a Class C license (hard liquor) and Szukhent states yes.

Szukhent also stated the speedway will open at 4:00 pm and that all racing events be finished by 10:30 pm, with the exception of rain delays or other racing delays. He also states the septic system and kitchen have both been tested and passed inspection. Ribbons have also been placed in the parking lot, making lanes easier to be identified.

Doug Piggott, Rowe Environmental Services (Rowe), states there have been no changes to the existing site plan. He goes on to state that the topographic area and Saginaw County Road Commission (SCRC) requirements can be waived by the Planning Commission. Piggott also states the SCRC review should be a condition for approval of the site plan.

Piggott then stated the special use permit needs to be addressed. Rowe informed the applicant to request specific number of uses per event and that emergency services need to be on site for all events. He also states water must be available throughout the facility and have enough restrooms to accommodate all visitors. He states there must be 1 toilet for every 150 people and that the speedway has to accommodate up to 7,200 people total. He goes on to state there must be enough parking for 2,000 people, averaging 4 people per vehicle. Piggott went on to state the applicant needs to clarify the difference between campers and trailers being allowed to stay on the premises overnight and who those can be (vendors, etc.). He also states noise control and abatement needs to be addressed, waste disposal, insurance/bonding and their plans have to be reviewed by the Birch Run Fire Department Chief and Birch Run Police Department.

Piggott then stated the zoning compliance needs to have a specified driveway location. He went on to review the seven standards for approval (see attached). Piggott went on to state there are 280 scheduled event days in total that have been requested. The events will have to be approved one time instead of yearly, unless the applicant fails to comply with the requirements. At that time, the planning commission has the right to revoke the permit. Marr asked if revoking the permit would apply to every event or specific events. Piggott states revoking the permit would be the discretion of the planning commission as to whether it applies to the entire permit or one event. He also states the planning commission has the option to ask the applicant to pick one event to be allowed as a trial basis.

iv. Public Comments/Correspondence opened at 7:29 p.m.

The following audience members made comment on the issue:

Mike Braun, who resides at 10835 S. Beyer Rd., Birch Run, MI; Scott Stafford, who resides at 8960 Canada Rd., Birch Run, MI; Clarence Strobel, who resides on Downing Road (didn't divulge address); Janet Bennett, who lives at 8651 Canada Rd., Birch Run, MI; Barry Borsnick, who resides at 9673 Downing Rd., Birch Run, MI; Steve Bennett, who resides at 8651 Canada Rd, Birch Run, MI; Barb Crawford, who resides at 11940 E. Rathbun Rd., Birch Run, MI; Cathy Konieczny states she is the General Manager of Comfort Inn in Birch Run, MI; Jerry Preston states he is President of the Bridgeport/Birch Run Convention and Visitors Bureau; Kurt Duby states he's a Grand Knight at the Knights of Columbus hall, located at 11105 Dixie Highway, Birch Run, MI; Karen Stafford, who resides at 8960 Canada Rd, Birch Run, MI; Katrina Schaar, who resides at 10935 S. Beyer Rd., Birch Run, MI

Three of the residents submitted letters on the subject and they were read. (letter attached)

Public Comment/Correspondence closed at 8:45 p.m.

v. Staff Comments

Norris asks Szukhent if Bridgefest will be coming to the speedway and Szukhent states yes. Szukhent also states he's toured all the race tracks in the state of Michigan to observe what type of operations they have. Birch Run Speedway has hired a security company who employs non-weapon bearing retired police officers to cover all inside gate events. The overnight stays for vendors and carnivals are self-contained.

Norris asks Szukhent to define the term dusk. Szukhent states Dusk is when it's too dark to see outside and that he's very flexible with a mutually agreeable time frame. Norris also asks for a specific time frame for practice day for race cars. Szukhent states the track would open for practice at 2:30 pm and close at 7:30 pm. Piggott states no start time was listed in the ordinance and that the planning commission can change this. Piggott also states the planning

commission needs to verify if the current permit is to be used for racing or if a new permit needs to be issued. Marr states the current special use permit lists Friday racing only with special events on Sunday. Szukhent states the events will be from April 1, 2018 thru October 31, 2018, from 3:00 pm to 11:30 pm, Friday and Saturday for 26 dates per year. Practice would be one day per week. Schaar states the current permit doesn't state the difference between racing and motorized racing. He would like a more detailed description and also states it appears noise is the biggest concern from residents. Piggott states the planning commission could issue a new permit with verbiage stating all racing except motorized racing will be allowed. Szukhent stated that they will use the current special use permit for motorized racing (2002-03).

Norris asks Szukhent to clarify non-motor racing and Szukhent states non-motor racing would be bicycle racing. Norris then asks what type of weddings will be held at the facility. Szukhent states ceremonies and receptions under pavilions. Some weddings could be held during races or other events if requested.

Norris asks if the events for 4H, school/educational and auctions will end by 10:30 pm and Szukhent states yes.

Norris asks if the festival and carnivals will be four days in length and Szukhent states yes. He states most carnivals arrive on Monday, set up until Wednesday when the carnival begins and then tear down on Sunday. They stay on the premises in trailers.

- vi. Close Public Meeting at 8:45 p.m.
- vii. Planning Commission Discussion and Recommendation

Schaar states he resides in the area. He referenced the 2013 noise ordinance, stating the ordinance language doesn't apply to the current request. He states it needs to be updated to say all noise, not just racing. He also requests Szukhent clarify the number of people allowed for concerts and Szukhent states a maximum of 2,000 people would be in attendance at one time. Szukhent goes on to state the concert acts will be professionals, not local bands.

Marr asked if the driveway will have a slow down lane and Szukhent states no. Sheridan asks if the speedway will be moving the sign for the venue and Szukhent also states no. Marr asks if the requested 25 racing dates will be held during carnivals. Szukhent states they have requested 25 dates in total, but all of them won't be used for racing. He goes on to state each day is 1 event, for example racing would be 2 days but utilized as 1 event. Marr goes on to state that since the speedway has a liquor license, the ordinance should include a mandate that the speedway have security on the premises during all events.

Marr asks how many events will be held inside and outside the speedway, specifically mentioning a swap meet being inside the speedway or in the parking lot. Szukhent states vendors for that event would be in the parking lot so they can be seen from drivers on Dixie Highway.

Marr then asks if the 4H or other animal events will be having livestock stay on the premises overnight. Szukhent states he's unsure. Kirk Kiessling, Birch Run Township Trustee, states many animal shows hold the animals on the premises until the event is finished. At which time, they leave the premises because most of these events are 1 day only. If they are more than 1 day, they would need stalls for the animals.

Norris asks Szukhent the time frame for fireworks and Szukhent states they would begin at dusk and end usually within 10 minutes.

Norris then asked the planning commission to decide if the following items will be approved tonight or postponed until a later date. Piggott states concerts should be allowed temporary approval. Szukhent states festivals/carnivals and fireworks will be deleted from his request and that they will be requested on a temporary outdoor use permit only and one event equals one day:

<u>Event</u>	<u>Approved</u>	<u>Number per year</u>	<u>Ending Time</u>
Non-motor racing	Yes	10	Dusk
Concerts	No	5	11:00 pm
Weddings	Yes	12	11:30 pm
Private parties	Yes	30	Dusk
Car/bike shows	Yes	12	Dusk
Swap meets	Yes	12	Dusk
Church services	Yes	6	Noon
Monster truck show	No	2	10:30 pm
Overnight stays	No	Varies	Varies
Auctions	Yes	12	Dusk
4H	Yes	12	Dusk
School/educational	Yes	12	Dusk
Team building	Yes	12	Dusk
Temporary permit for 5 concert events and 2 monster truck shows is part of this special use permit.			

See attached chart for further clarification.

Motion by Marr, seconded by Sheridan to allow Schaar to vote due to no conflict of interest.

Ayes: Sheridan, Norris, Munson, Morse, Marr

Abstain: Schaar

Motion by Sheridan, seconded by Marr to accept approval for special use by Birch Run Activities DBA Birch Run Speedway to allow all activities, per minutes, with the stipulation to get review by the township fire chief and DDA board.

Ayes: Norris, Munson, Morse, Marr, Sheridan

Nays: Schaar

Motion by Marr, seconded by Sheridan to approve moving the driveway at Birch Run Activities DBA Birch Run Speedway

Ayes: Munson, Morse, Schaar, Sheridan, Marr, Norris

Nays: None

Old Business:

Committee report on Private Roads (postponed until further action-06/06/14 meeting)

Birch Run Township
Standards for Approval of Special Land Use Site Plan (Sec. 5.06)

STANDARDS		Does Site Meet Requirements		
		Yes	No	N/A
1. Be harmonious with and in accordance with the Master Plan of the Township.				
COMMENTS/FINDINGS OF FACT: The future land use classification is <u>general/community commercial</u> .				
Applicants Comments:	Zoning Administrators Comments: <i>The development is acting as infill development on a currently vacant parcel. The development meets all the location criteria.</i>	Planning Commission Comments:		
2. Be harmonious with and in accordance with the general objectives, intent and purposes of this Ordinance.				
COMMENTS/FINDINGS OF FACT:				
Applicants Comments:	Zoning Administrators Comments: <i>The proposed development will help to assure high quality, rapid responses, and cost effective public safety services.</i>	Planning Commission Comments:		
3. Be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such a use will not change the essential character of the area in which it is proposed. In determining whether this requirement has been met, consideration shall be given to: a. The bulk, placement, and materials of construction of proposed structures. b. Pedestrian and vehicular circulation. c. The location of vehicular use or parking areas.				
COMMENTS/FINDINGS OF FACT:				
Applicants Comments:	Zoning Administrators Comments: <i>The proposed project appears to be similar to character of the commercial area.</i>	Planning Commission Comments:		
4. Not be hazardous or disturbing to existing or future uses in the same general vicinity.				
COMMENTS/FINDINGS OF FACT:				
Applicants Comments:	Zoning Administrators Comments: <i>There does not appear to be any hazardous or disturbing use to nearby locations.</i>	Planning Commission Comments:		

STANDARDS		Does Site Meet Requirements		
		Yes	No	N/A
5. Be served adequately by essential public facilities and services, such as highways, streets, police, fire protection, drainage structures, refuse disposal, water and sewage facilities and schools, and minimize the impact of traffic generated by the proposed development on adjacent properties.				
COMMENTS/FINDINGS OF FACT:				
Applicants Comments:	Zoning Administrators Comments: <i>The proposed development will be utilizing existing public facilities and services.</i>	Planning Commission Comments:		
6. Not involve uses, activities, processes, materials and equipment or conditions of operation that will be detrimental to any person, property or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors.				
COMMENTS/FINDINGS OF FACT:				
Applicants Comments:	Zoning Administrators Comments: <i>The proposed develop does not appear to be proposing these harmful effects to the general welfare.</i>	Planning Commission Comments:		
7. Not create excessive additional requirements at public cost for public facilities and services.				
COMMENTS/FINDINGS OF FACT:				
Applicants Comments:	Zoning Administrators Comments: <i>The proposed development is located near existing services and facilities.</i>	Planning Commission Comments:

BIRCH RUN TOWNSHIP PLANNING COMMISSION

To Whom It May Concern:

This letter is in regards to the new driveway location and uses for the Birch Run Speedway and Event Center. We are vehemently opposed to any new driveway that would be on Canada Road or Beyer Road. We were always told by prior boards that would not happen.

As for the increase of events at this venue, when it was only a racetrack we were looking at a racing timeline from around May to September, with races on a Friday night. They added a practice on Wednesday, in the afternoon. Now, with this new venue, it could potentially be used year round with 215 events. We have always lived in a rural country setting. We do not like it on race nights, or the possibility of a concert being held when we, as tax paying land owners who live here full time, can not sit out in our yards and enjoy a nice evening on our deck. We have always been concerned about noise pollution and light pollution from this business. With the proposed uses, that looks like it will only get worse.

We have always complained about this business, as did my parents, when they were still living, as their property adjoined the above mention property.

The issue has always fallen on "blind eyes" and "deaf ears" As long as it is not in "your backyard", you could care less what happens in "our backyard"

Let me just reiterate we are **OPPOSED** to any driveway on Beyer Road and/or Canada Road, and any event that would create noise and light pollution.

Janet Bennett

Dear Planning Commission,

Thank you for holding a meeting and for sending out a notice of this meeting.

I have the following questions about the special use permit request from Birch Run Activities:

① Will alcohol be allowed and if NOT, how will it be kept out? Will pot and other drugs be allowed?

② How many Over Night stays are booked? Do these stays cover 2 full days? Will camp fires and bonfires be allowed? What if a fire gets out of control?

③ How many days ^{and hours of operation} are planned for EACH of the proposed uses? (example: 5 days ea. carnival). Please go down the entire list! state the TOTAL days ^{unbooked and} booked for 2018.

④ Will the NOISE level be controlled? If NOT, what will quickly be done to lower it? Can local citizens have a DIRECT number to the Manager? And a signed promise to lower the NOISE ASAP.

⑤ Are there any other proposed uses NOT on the list. What are they and WHY weren't they on the list?

⑥ Why is Birch Run Activities proposing so many events that are already available nearby? Why do we need so much more of the SAME? Is entertainment our only goal in life? Why don't we all seek wisdom and truth instead? More knowledge is good for ALL ages and the entire community.

WHY not go for BIG MINDS instead of Big Times?

Wouldn't this be a much BETTER use of our money?

Our town logo could be: BIRCH RUN builds BIG MINDS. It would mean FRAME for ALL of us and bring honor to everyone in our community! EVERYONE!

page -

January 20, 2018

We would be so proud to be from Birch Run. And we will be even prouder when we see the future success of all our children and grandchildren. WOW! WOW!

Let's put 4-H events, and school/youth educational events at the TOP of the list, and add scout events. Let's make all our kids #1 and build BIG MINDS in Birch Run! Let's treat them to BIG MINDS instead of race cars and drum sets!

(7) Why the sudden, HUGE increase in events for 2018? Why can't B.R. activities hold off for a good number of years? That would give our many seniors time for golden years instead of growing years. We deserve some respect and PEACE and QUIET. We've been good citizens and done lots of volunteer work. Many of us have serious medical problems including lung, heart and mobility problems. Smoke and noise are BAD for us. We need our rest, and we don't need traffic congestion. We don't need surround sound. We already hear the EXPO center, trains and the express way and lots of ambulance sirens. How many more sirens do we need to hear? More people, more traffic = more accidents. Why would we want another Bay Road? We live here to avoid Bay Road. We want a SPECIAL PEACE and QUIET permit! We deserve it.

Doesn't anyone care about our declining health? Or our safety? So many events would bring in so many strangers, good and bad. Look at the crime at the mall. Let's book art and science and Technology events - something for everyone. Let's have a Birch Run Community College and offer classes and events. An ALL area! Let's BUILD BIG MINDS! Delay the permit

February 21, 2018

To the Birch Run Township Planning Commission regarding the Special Use Permit sought by Dixie Motor Speedway.

We are citizens of Birch Run Township and are concerned with some of the proposed uses being sought by the new owners of the Dixie Motor Speedway and are unable to be present at your meeting on February 22. Since we are unable to attend we wanted your Commission to be aware of our concerns and oppositions.

In general, we are opposed to any activity that would increase the frequency and level of noise generated by events at Dixie Motor Speedway. While we have tolerated the noise levels of past racing, we are very concerned that these noise levels are rising as more racing involves the use of high performance motors and vehicles. The level of noise generated by current high performance racing vehicles is much louder today than the level of noise of racing vehicles of 10-15 years ago. Does our ordinance establish an acceptable decibel level that would be conducive to the homes located in such close proximity to the race track? We ask that an acceptable one is defined.

We are also concerned with more activities that would generate an increased frequency of noise relative to what we are currently experiencing. Those activities generating low or limited amounts of noise we are not concerned with.

Related to this proposal this would effect:

- Racing (motorized vehicles)
- Racing Practice
- Concerts
- Private Parties
- Monster Truck Shows and Pulls
- Fireworks Displays

We are also opposed to the establishment of Over Night Stays and any plans for current or future Camping on this property. This concerns stems from the reality of uncontrolled partying/security, noise, campfire smoke and debris leftover by campers.

Please note that we are not in total opposition to many of the proposed activities being sought, only those generating more noise or more incidents of noise than is currently present.
