

1 1/22/2013 BR Twp Park Meeting

2 Fred Sheridan

3 Bill Nelson

4 Ramon Rosas

5

6 Meeting opened at 7:00 by Chairman Fred with pledge of allegiance.

7 Fred presented the Park Board members with an agenda.

8 No quorum present.

9 Ramon presented a budget for the playground.

10 The concession stand is on hold, the steel was donated. The concession stand will require an additional
11 2-3 days to finish. Concrete is done.

12 Ramon asked if there is an answer to determine the potential for guidelines for use of the concession
13 stand. Fred commented on what he remembered. But said there is a definite need for finalization on
14 determining the who's how's and what's for concession stand use. Ramon continued to comment on the
15 way it works in Clio. Fred did say the use needs to be finalized to set policy to use and stock the
16 concession stand. Ramon is checking to see if Clio has a written policy to start this discussion with.

17 The playground is done with the exception of final clean up.

18 Fred will check to see if Mrs. Keisling has completed the survey.

19 Park Signs. It has been suggested that there be signs to tell park users where they are. Bill offered at
20 least one 4X8 sheet of plexiglass.

21 The tennis court nets are to be replaced in 2013. Ramon had turned bids into Mr. Kiesling some time
22 back on nets.

23 Lighting has been suggested for under the pavilion, it had been suggested we purchase only explosion
24 proof fixtures for this area in order to reduce vandalism potential.

25 The Park Committee needs a small drag of some sort to use to address the ball fields. Fred suggested
26 maybe a Facebook posting could yield some results.

27 Apparently there is a flyer circulating that someone named Jamie is using the park for personal profit
28 with some kind of exercise program. Fred will work with Supervisor Letterman on this issue.

29 The Athletic Assn. wants to have a circus at the park in August. Fred will take this to the Twp. Board to
30 see what their pleasure is on this matter. Ramon said there has been a question of liability issues. Also
31 what about the use of the park for fund raising issues. Lines 27 & 28 above reference this issue too.
32 Someone wants to know if the Twp. Allows for fund raising, then why would it be a problem for a for
33 profit organization to use the park too? Fred will make a call on this issue tomorrow.

34 Bill asked about Brass etched maps for the maps referenced in line 19 above. Fred will check on these
35 too.

36 No other issues were presented for the Park Board's consideration. Adjournment at 7:30pm.

37 March 26th 2013 is the next Park Board meeting date.

38

39 Respectfully submitted 01-22-2013, Bill Nelson Secretary
